Bull In The Ring

PASSING / DEFENSE / BALL PRESSURE

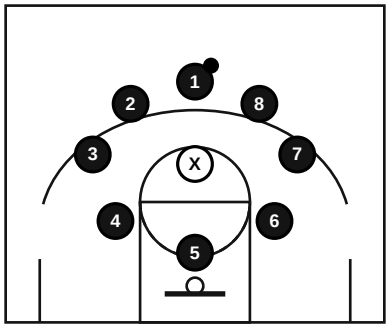
Players pass across a circle while one defender pressures the ball and hunts for a touch or interception.

ALL PLAYERS | 1 BALL | HALF COURT

STEP 1

FORM THE RING

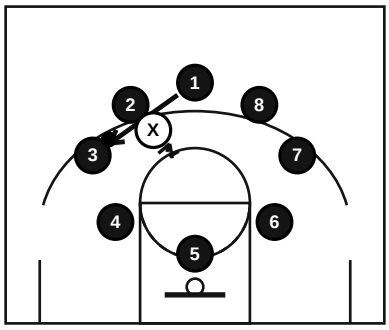
Form a wide circle around one defender. One outside player starts with the ball and may pass to any non-adjacent player.



STEP 2

FAKE, PASS, AND PRESSURE

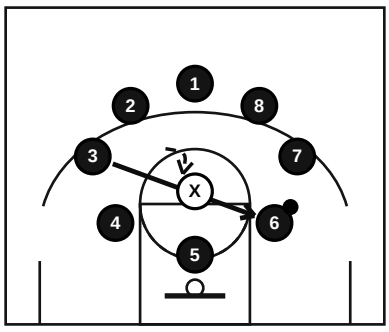
The ball carrier uses a pass fake, then passes to any eligible player around the ring. The defender pressures the ball and attacks the lane.



STEP 3

RECOVER TO THE NEXT PASS

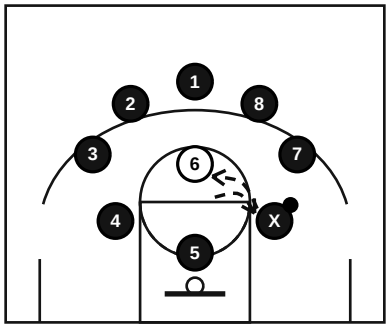
The new ball carrier quickly passes to any other eligible player around the ring. The defender recovers and keeps active hands.



STEP 4

TOUCH THE PASS AND ROTATE

On a touch or interception, the passer becomes the new defender and the former defender joins the outside ring.



VARIATIONS Add balls or defenders; resize the ring; use a three-second pass limit.
