Bump The Cutter

DEFENSE / DENIAL / FOOTWORK

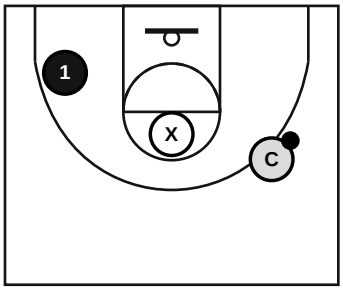
A defender reads ball and cutter, meets the flash cut in the lane, and denies an easy catch in the key.

3 PLAYERS | 1 BALL | HALF COURT

STEP 1

SEE BALL AND CUTTER

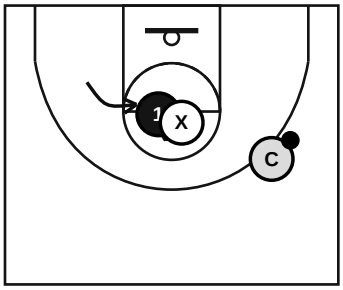
The coach starts outside the arc with the ball. The cutter begins opposite while the defender establishes a flat-triangle position.



STEP 2

MEET THE FLASH CUT

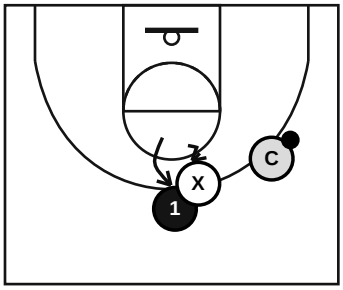
As the cutter flashes toward the ball, the defender stays lower, meets the cut in the lane, and makes legal contact.



STEP 3

DENY AND FORCE THE CUTTER OUT

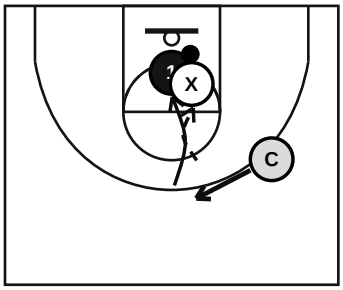
Deny the pass inside the key and force the cutter toward a less advantageous catch away from the basket.



STEP 4

PLAY LIVE ON THE CATCH

If the cutter receives the pass, play one-on-one to the basket. Limit the offensive player to two dribbles.



STEP 5

ROTATE OFFENSE TO DEFENSE

After the repetition, the offensive player becomes the defender and the defender becomes the next cutter.

VARIATION

- Reposition the coach and cutter in different areas of the offensive half court.
