Horseshoe Shooting

SHOOTING / PASSING / RECEIVING

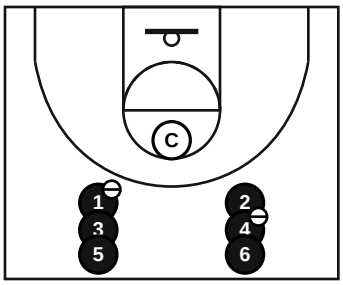
Two baseline lines alternate hard cuts, catches, shots, rebounds, and rotations through the opposite line.

ALL PLAYERS | 2 BALLS | HALF COURT

STEP 1

SET TWO BASELINE LINES

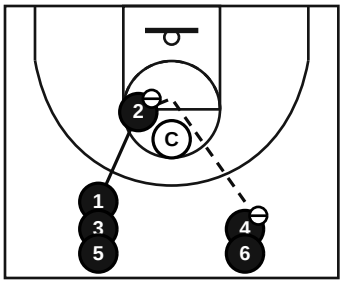
Form two lines on opposite sides of the key. Two balls begin in the lines, and the coach stands near the free-throw line.



STEP 2

V-CUT AND RECEIVE

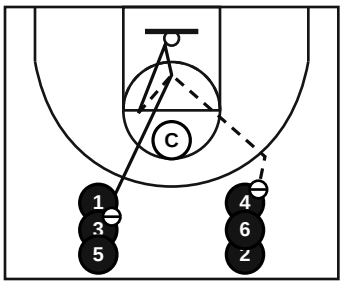
The cutter changes direction sharply around the coach, calls for the ball, and presents a target for the pass.



STEP 3

SHOOT AND REBOUND

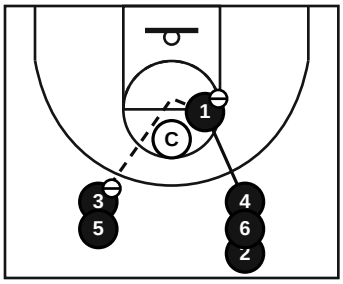
Square to the basket, shoot with correct form, follow the shot, secure the rebound, and rotate to the opposite line.



STEP 4

ROTATE AND CONTINUE

Pass the rebound to the opposite line. The next cutter changes direction around the coach as the second ball keeps the drill moving.



VARIATIONS Shoot off one dribble, drive to the basket, or add a shot fake.
