Mirror Drills

DEFENSE / FOOTWORK / REACTION

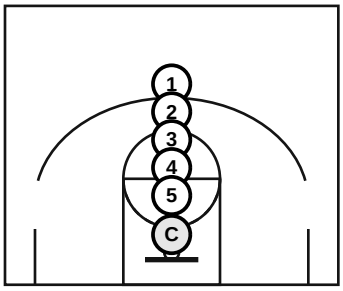
Defenders mirror a leader's lateral movement while maintaining stance, spacing, and quick changes of direction.

5 PLAYERS + COACH | 0 BALLS | HALF COURT

STEP 1

SET A DEFENSIVE STANCE

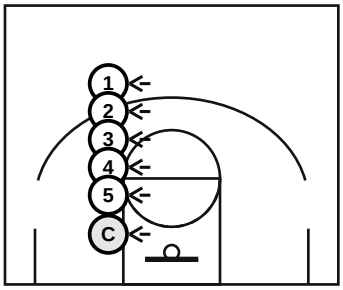
Form a straight line facing the coach. Begin low and balanced with feet wide, chest up, and hands active.



STEP 2

MIRROR THE COACH

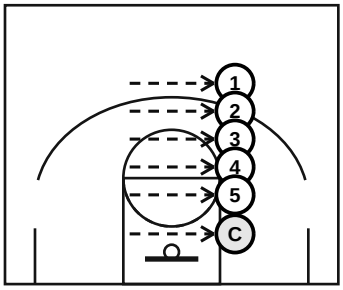
Slide with the coach while staying in line, maintaining spacing, and keeping the feet from crossing.



STEP 3

CHANGE DIRECTION QUICKLY

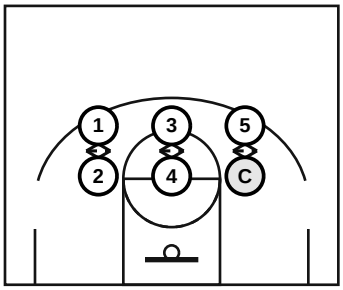
After no more than three steps, push off the outside foot, change direction, and stay square without crossing the feet.



STEP 4

WORK IN PAIRS

Pair up along a court line. One partner leads with short lateral movements while the defender mirrors directly in front.



STEP 5

SWITCH LEADER AND FOLLOWER

After 30 seconds, exchange roles and repeat with the same quickness, stance, spacing, and disciplined footwork.

VARIATIONS

- Use a coach-led line formation.
