Ten Fingers

CUTTING / PASSING / SHOOTING

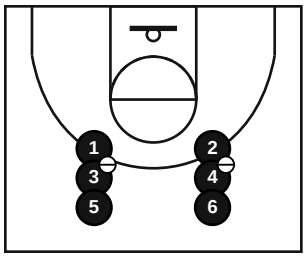
Two lines use hard V-cuts, clear targets, accurate passes, and balanced catches before attacking the basket.

ALL PLAYERS | 4 BALLS | HALF COURT

STEP 1

FORM TWO PERIMETER LINES

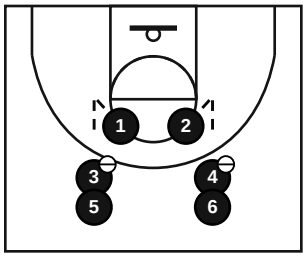
Create two lines outside the three-point arc. The first player in each line starts without a ball; the next players begin with basketballs.



STEP 2

MAKE HARD V-CUTS

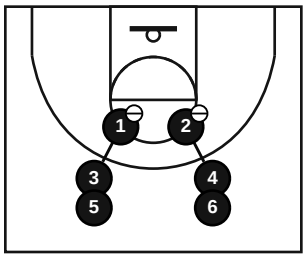
Players 1 and 2 cut into the key, plant, and push back toward their lines while calling for the ball and showing ten fingers.



STEP 3

PASS AND SQUARE TO SCORE

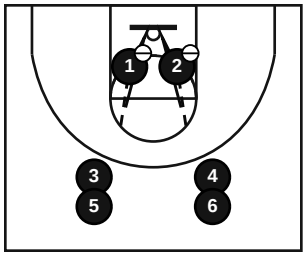
The next players deliver accurate passes. Players 1 and 2 catch with two hands, face the basket, and establish triple-threat position.



STEP 4

SHOOT AND REBOUND

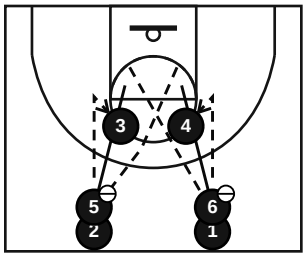
Players shoot or drive, rebound their own balls.



STEP 5

PASS AND RETURN THROUGH TRAFFIC

Pass and return to the ends of the opposite lines while the next pair begins its cuts.



VARIATION Use the full court and finish with a lay-up at the opposite end.
