Triangle Passing

PASSING / RECEIVING / COMMUNICATION

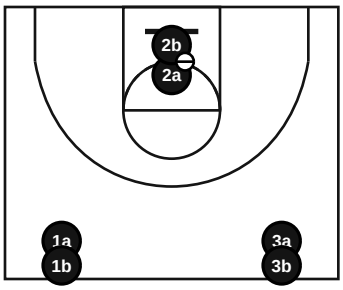
Three lines pass in sequence while receivers meet the ball and passers sprint to the end of the receiving line.

6+ PLAYERS | 1 BALL | HALF COURT

STEP 1

FORM THREE LINES

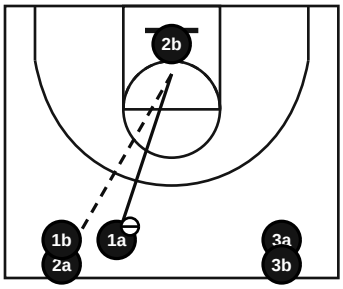
Form two lines at the half-court corners and one under the basket. The front player under the basket starts with the ball.



STEP 2

MOVE TO THE BALL

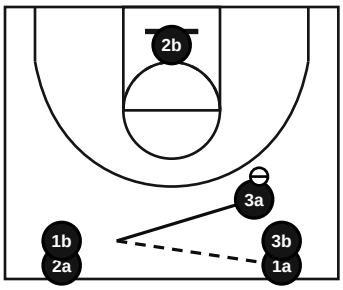
The receiver steps toward the ball and catches. After passing, sprint to the end of the receiving line as that line advances.



STEP 3

PASS TO THE NEXT LINE

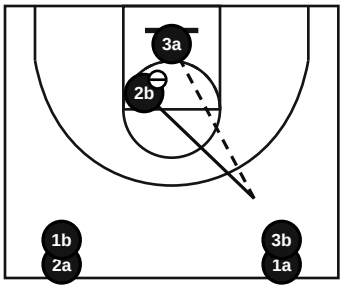
The next receiver moves to the ball. The passer delivers the pass, then sprints to the end of that receiving line.



STEP 4

COMPLETE THE TRIANGLE

Continue the same pass-and-follow pattern to the third line, then repeat around the triangle with clear targets and communication.



VARIATIONS Add a second ball, reverse direction, or change direction on command.
